TO: Mail Stop Missing Parts
Commissioner of Patents
PO Box 1450
Alexandria, VA 22313-1450

Dear Commissioner:

The Assignee in the above-referenced case hereby petitions pursuant to 37 CFR §1.47(b) to permit filing of the Oath or Declaration on behalf of a non-signing inventor. Accompanying this Petition is the petition fee of \$130.00 pursuant to 37 CFR §1.17(i).

Background facts for this Petition are as follows:

- (a) From the period starting November 2002 to August 4, 2003, the inventor, Clifton L. Cook, was associated with Tactical Design Labs, Inc. as CEO/President.
- (b) On February 18, 2003, Mr. Cook filed a provisional patent application, serial number 60/448,563, titled Ergonomic Duty Belt.

(c) In September 2003, Mr. Cook and Tactical Design Labs, Inc. agreed to terms by which Mr. Cook would cease being involved with Tactical Design Labs, Inc. As part of the settlement Agreement signed in September 2003, Mr. Cook assigned his rights to the provisional patent application described above to Tactical Design Labs. A copy of that Assignment is included with this Petition.

(d) On February 18, 2004, a utility application was filed titled Ergonomic Duty Belt. It claims the Priority of provisional patent application number 60/448,563, titled Ergonomic Duty Belt.

(e) Before the filing of the utility application, which later received the application number 10/782,712 and has the Attorney docket number of LOWM110, Mr. Cook was sent a copy of the utility application. At that time, Mr. Cook indicated that he refused to sign the utility patent application.

(f) The utility patent application included 100% of the information that was found in the provisional application.

(g) A Notice to File Missing Parts of Nonprovisional Application was mailed on May 14, 2004. Mr. Cook was again contacted through his attorney and Tactical Design Labs was unable to obtain his signature.

(h) The application was filed without a Declaration and Power of Attorney for Mr. Cook.

(i) The enclosed petition fee of \$130.00, as required by 37 CFR §1.17(i) is enclosed.

(j) The filing of this application without the Oath or Declaration of Mr. Cook is necessary to preserve the rights of Tactical Design Labs.

(k) Enclosed is the Assignment, signed by Mr. Cook, of his rights to provisional patent application number 60/448,563.

Enclosed is an Oath or Declaration executed by ROBERT L. SHAVER on behalf of the Assignee, Tactical Design Labs, Inc.

If there is an additional problem with this Petition, or if the reviewer has any questions, he is requested to call the Applicant's attorney at the number set forth below.

Respectfully submitted this 14th day of July 2004.
